

Armourscreen®

DESCRIPTION

Introduces a series of high design, silk-screened, coloured and toughened safety glass.

TYPICAL APPLICATIONS

Ideal for applications which require the design benefits of colours.

BENEFITS & FEATURES

- Structural strength
- Safety and resistance to impact
- Flushed-glazed curtain walling
- Entrance assemblies
- Glass doors
- Internal partitions

VARIATIONS

From home use to industrial use, ie: oven doors etc

DESIGN POSSIBILITIES ARE ENDLESS

Doors & Windows

- Custom shower doors.
- Screened patio doors.
- Coloured motifs can be silk-screened onto cottage panes for doors & windows.

Furniture & Shopfittings

- Armourscreen® extends to reception counters.
- Table tops.
- Any glass surfaces can be screened to carry through a particular design theme.

Industrial Products

- Satisfies another demand for branded oven doors on microwave or conventional oven units.
- Fridge doors in retail and commercial installations are very popular.
